## The Premium Motorcycle Tow Hitch

convenience  
premium quality  
safety  
reliability  
freedom

### FREEDOM

The road, the country, the wind. We have all known the freedom that comes from leaving our worries and concerns behind us as we follow the road down a canyon, over a bridge, along a river. Everywhere the experience is the destination.

With the Atlas Hitch you can experience that easier than ever before. Freedom from worry, knowing your bike is safely behind you. You have a way to get your bike in for repairs or into the sunshine.

### Patent Pending – Made in the USA

- The Atlas Hitch turns with you – No more bike lean.
- Premium Jab Dynamics quality product made right here in the USA.
- Jab Dynamics warranty.
- Fits nearly every bike and style
- Save storage space and time with the convenience of the Atlas Hitch “roll and go” system.

The Atlas Hitch is the story that we all love to read about. It is the story of a man who had an idea. That idea led him to an invention. That invention got mixed with a little hard work. Finally, he simply bolted on some of the stuff he loves doing, and the next thing you know, he is sharing it with the world.

Over the years the Atlas Hitch has evolved to be a product we can all take pride in. When you see the Atlas Hitch badge, you know you are a part of a bigger story. Part of a great story. Thank you for being a part of the story.

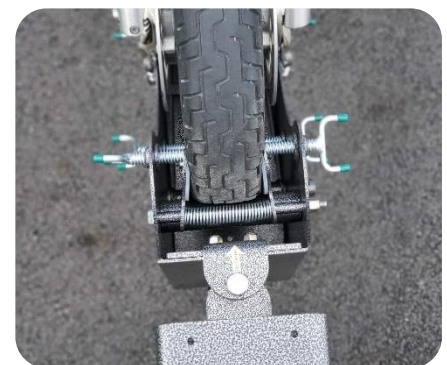

Jab Dynamics is proud to bring you the [Atlas Hitch](#). Jab Dynamics is a company founded on the principles that live inside each one of us.

- To contribute to the very best life has to offer.
- To be able to live our dreams.

## Patented Premium Innovation

- Fits any tire width from 3" to 6.25" if you have custom installations or adaptations created Jab Dynamics is up for the task.
- Clamps to the wheel, no reason to strap to the handle bars. Patented hitch allows the bike to turn like a trailer to avoid the bike lean that occurs with other bike hitches.
